UNIVERSITY PROJECT

HELP DESK FOR STUDENTS ON A COLLEGE CAMPUS

I am creating this project with inspiring by the Service Desk Plus and Service now from ZOHO. The concept of my project is to give a solution for the tickets generated by the students and these tickets are based on the facilities and complaints in the college. The solution is given by the specific technicians and these tickets are tracked by the students with the help of ticket status. and this is very helpful for students.

CERTIFICATES

- The winner certificate for a paper presentation about Neural links was created by Elon Musk.
- The participant certificate in the ilink Hackathon.
- The participant certificate in the guvi AI Guinness world record Championship.
